

Piikkiö Comprehensive school

Piikkiö comprehensive school is a genuine unified school, because almost all of the school's students in grades 1-9 study in the same building. The school has community values even though there are several hundred students. The special education of Piikkiö region is centralized in our school.

The school is known as a pioneer in educational technology both in Kaarina and nationally. The immediate environment of the school offers a good framework for movement and outdoor activities.

How many?

We have around 620 students, 55 teachers and 18 school assistants.

One school social worker, one school psychologist, two school nurses and one school youth worker.
